## つくろい 国際ロボット展

### Robot Experience & Activity Area

- Challenge Maze Solving Robot Micromouse!
- Underwater Robot Area
- Popular Robotics Experience Class Around the World
- Paper craft workshop "SHOVEL HEAD BEETLE"

### Concurrent Project Area (West Hall 4) W4-14

#### Look! Touch! Imagine! Sustainable Societies Through Robotics

A project area will be set up based on the concept of sustainability, coexistence, and cooperation. It will communicate the themes of the IREX2023 while also providing a place for visitors and robots to envision the future together.

- [Cooperation (A to Z)]
- FANUC · Kawasaki Heavy Industries
  - Mitsubishi Electric · Panasonic Holdings
  - YASKAWA Electric

#### Miraikan in iREX! The New Robot Exhibition!

The exhibition at Miraikan in Odaiba, Tokyo, underwent a renewal in November. We have prepared engaging contents, including photo spots and submission-based projects.

Organizer : Miraikan

Planning & Produce: Miraikan · The National Museum of Emerging Science and Innovation  
Contributors : TOYOTA MOTOR CORPORATION

#### iREX2023 x Digital Hollywood University "PR Movie Project"

iREX and Digital Hollywood University (Kenichi Ogino Laboratory, Media Science Institute) collaborated to create a PR movie for the next generation. Illustrations of "a future coexisting with robots" drawn by students will also be on display.

### Dining Area

※ Lunch boxes are also available at East 5 Hall, and West 4 Hall (Nov.29-Dec.1)

#### East Hall 1 A

Buckwheat Noodles, Stewed meat burger, Loco moco, Steamed bun, Sausage, Soft drinks etc.

#### East Hall 8 B
